

**DOGWOOD PROJECT**—The large group pictured at the dedication of the dogwood trees at Smith-Cotton High School Wednesday morning is composed of ministers whose churches are on Broadway, Garden Club members who supervised the planting of the trees, men who assisted in the planting of the trees, and representatives from various groups of Smith-Cotton High School, who participated in the service for the trees planted

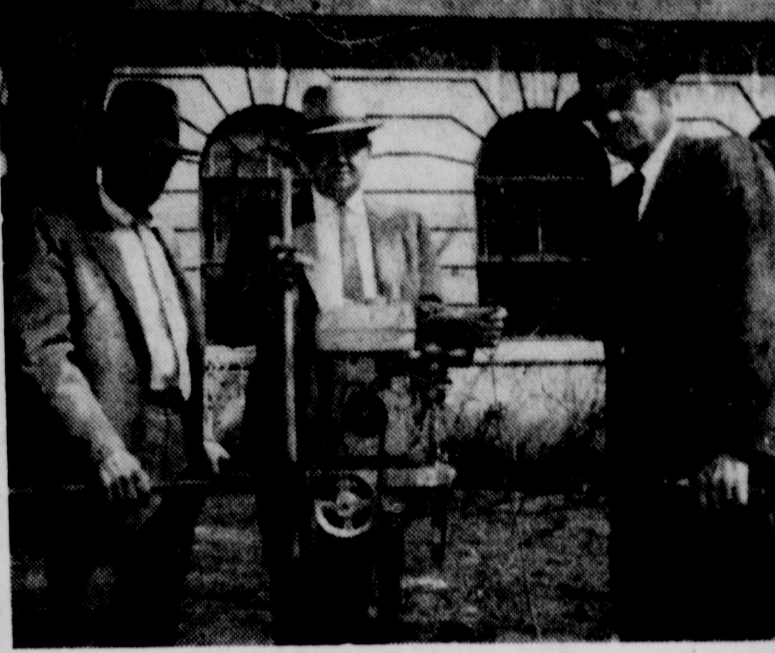

on Smith-Cotton grounds and dedicated to boys from that school who died in World War II. In front, kneeling, are, left to right: Doyle Funnell, president of Latter Day Saints Church; the Rev. Max Horner, pastor of the East Broadway Christian church; the Rev. D. Warren Neal, pastor of the Broadway Presbyterian church; the Rev. H. E. Trevathan, pastor of the Epworth Methodist church; the Rev. Walter Niles, pastor of the Wesley

Methodist Church and Mayor Abe Silverman. In the center, front row standing are Mrs. J. W. Boger, chairman of the project; Mrs. P. L. Strole, president of the Sedalia Council of Garden Clubs; three officers of the Junior Garden Club and behind them Mrs. Ida Harriman, Junior Garden Club chairman. The remainder of the front row are Smith-Cotton students. (Graphic Arts photo)

**DEDICATION**—The dedication of the dogwood trees was held at 9 a.m. Wednesday at Smith-Cotton High School, and shown left to right during the dedication services are: the Rev. Walter Niles, Wesley Methodist Methodist church, in charge of the service; Mrs. J. W. Boger, chairman of the project; Doyle Funnell, president of the new Latter Day Saints

church under construction; the Rev. Max Horner, pastor of the East Broadway Christian Church; Mayor Abe Silverman; and the Rev. H. E. Trevathan, pastor of the Epworth Methodist Church. The Rev. D. Warren Neal, pastor of the Broadway Presbyterian church, who is not in the picture, also had part in the service. (Graphic Arts photo)

**JUDGES HELP OUT**—The judges of the County Court joined hundreds of other Sedalians Wednesday morning in setting out 1,000 white dogwood trees in the city. About 25 of the trees were presented to the County Court to be planted on the courthouse lawn. Others used shovels, but Phillip Pfeiffer of Pfeiffer's Flower Shop made it easier on the judges. He loaned them the mechanical post-hole digger for the job. Shown left to right are E. L. Birdsong, judge eastern district; C. M. Purchase, judge western district; and C. Berry Elliott, presiding judge. (Democrat-Capitol photo)

**GIVING A HAND**—Young officers of the Junior Garden Club are shown helping to plant the dogwood trees at Broadway School which are replacing the eight hard maples that had been planted in memory of boys from Broadway School who died in World War I. The maples had to be taken out for the

new street lighting system on Broadway. The girls are left to right: Kristy Blumh, kneeling, Virginia Stumpf and Sue McMullin. Standing in the back are left to right: Mrs. Ida Harriman, chairman of the Junior Garden Club, Ann McMullin, and Mrs. J. W. Boger, chairman of the dogwood project.

## Herter Said Still Favored

# President Confers With Dulles About New Secretary of State

AUGUSTA, Ga. (AP) — President Eisenhower today conferred with hospitalized John Foster Dulles regarding selection of a new secretary of state.

Dulles, who resigned from the top State Department job Wednesday because of cancer, also talked by telephone with Eisenhower that night about a successor.

The President continued to defer announcement of a successor, but Undersecretary of State Christian A. Herter was reported after the Eisenhower-Dulles talks to still have the inside track.

Dulles talked to Eisenhower from his room at Walter Reed Army Hospital in Washington. Eisenhower was at his vacation cottage at the Augusta National Golf Club.

After today's talk, the White House announced Eisenhower's formal acceptance of Dulles' resignation. It made public an exchange of letters between the President and the retiring secretary.

Eisenhower reiterated his warm affection for the 71-year-old Dulles.

"You have been a staunch bulwark of our nation against the machinations of imperialistic communism. You have won to the side of the free world countless people, and inspired in them renewed courage and determination to fight for freedom and principle," Eisenhower wrote.

"As a statesman of world stature you have set a record in the stewardship of our foreign relations that stands clear and strong for all to see."

## Biggest Strike

# Rubber Workers' Strike Spreads to 58,000 Men

**BULLETIN**  
CLEVELAND (AP) — Negotiators reached agreement today on the major issues of a new contract between Goodyear Tire & Rubber Co. and the United Rubber Workers Union. A joint announcement said the master contract and a supplemental unemployment benefit plan have been settled.

AKRON, Ohio (AP) — The United Rubber Workers Union today struck the B. F. Goodrich Co. and Firestone Tire & Rubber Co., raising to about 58,000 the number

of production workers out in the union's biggest strike.

Only the Goodyear Tire & Rubber Co. among the tire-building industry's Big Four continued in operation. When Goodyear's contract with the union expired last mid-night, some progress had been made, and bargaining covering 21,000 workers was recessed until today.

The other member of the Big Four, the United States Rubber Co., was struck by the URW last Thursday. About 26,000 production workers walked out then. Today's strikes added 18,000 production workers at Firestone and 14,000 at Goodrich to those idle.

## To Shield Juveniles

# Bill to Ease Secrecy Guide Killed by House Committee

JEFFERSON CITY (AP) — Bills to ease the secrecy provisions of the two-year-old juvenile code were crushed by a House committee last night on a 7-0 vote. The vote killing the bills came just five minutes after juvenile judges, church and welfare workers finished a two-hour appearance.

They said juvenile offenders should be shielded from publicity because publicity was just what the juvenile hoped for when he committed the anti-social act for which he was being tried. They told the committee newspapers would play up lurid tales of youth delinquency because that made good reading and sold papers.

## Cookingham Resigns As City Manager

KANSAS CITY (AP) — L. P. Cookingham, city manager of Kansas City for 19 years, announced his resignation today, less than a week after the Democratic coalition took control of the city hall.

The 62-year-old official, who won national acclaim for his management of municipal affairs, said the new city council had conveyed to him "their desire for a change in the office of city manager. In deference to that desire, I am voluntarily retiring from the office which I have held since 1940."

Cookingham had been a target of the Democratic coalition candidates during the city election campaign which ended with defeat of the Citizens Assn. This was the organization which had ended the long, corrupt domination of the city hall by the Tom Pendergast machine.

In the election, the Democratic coalition candidates won five of the eight seats on the city council. Cookingham said he had asked that the resignation be made effective as of June 30, "so that I may be of such service to the city as I can during the transitional period."

He told reporters that his plans for the future were indefinite, but that he was seriously considering the establishment of a consulting and advisory service on municipal affairs.

## County School Board Names Two Members

John Green, Longwood, and Norman Gibson were re-elected as members of the Pettis County Board of Education at a meeting of school board members of Pettis County, at the courthouse Tuesday. They will serve three-year terms.

Other members of the board are Frank B. Van Dyke, chairman; R. W. Rissler, of Camp Branch, vice-chairman; and Walter Alexander, Georgetown, Marvin Goodwin, Sunnyside, and John Greer, Longwood.

# Four Gunmen Force Pilot to Fly to Miami

## Three Flee Firing Squad Of Cubans

## Border Patrolmen Arrest Hijackers For Investigation

MIAMI, Fla. (AP) — Four gunmen—three of them fugitives from the firing squads of the Cuban revolutionary government—captured a Cuban airliner in flight today and forced the pilot at gunpoint to fly to Miami.

Seventeen startled but unharmed American and Cuban passengers were aboard the 4-engine airliner when it landed. U.S. border patrolmen immediately surrounded the plane and took the four hijackers into custody.

Three gunmen said they were members of the hated secret police force of the fallen Cuban dictator, Fulgencio Batista. The other was a former Batista air force mechanic.

Fidel Castro's rebels overthrew Batista last Jan. 1 after a 25-month war and forced him to take refuge in the Dominican Republic.

The border patrol said the gunmen would be held for a special investigation by the U.S. Immigration Service.

Capt. Candelario Delgado, 40, the plane's pilot from Havana, said one of the men placed a pistol against his neck and ordered him to fly to the Dominican Republic. The plane was en route from Havana to the Isle of Pines, 100 miles south of Havana.

"I told them, 'we do not have enough gas for such a trip,'" Delgado said. "Then they told me, 'Fly to Miami.'"

Guns also were held at the heads of the copilot, Fausto Valdez, 35, and the steward, Jose Leon, 37, throughout the 225-mile hop to Miami.

The passengers said no one was hurt or roughly treated after the gunmen took over.

Peter Kissel, 32, a Far Hills, N.J., stock broker, told reporters four men in civilian clothes took up stations in the front and rear of the plane and one pointed a pistol at the head of the pilot.

A Castro soldier on vacation, Araujo Consuegro, 18, grappled with the gunmen but was disarmed.

## Wins Capital Tour

# Sedalia Patrol Boy Will Attend Parade

Sedalia's representative Patrol Boy, Leon M. Hall, Jr., will leave May 6 to attend the National School Safety Patrol Parade in Washington.

Hall, the son of Mr. and Mrs. Leon M. Hall, 1805 East Sixth, won the expense-paid trip in an essay contest sponsored by the American Automobile Association with his essay on, "What Patrol Work Means to Me." Mayor Abe Silverman announced the selection.

The Automobile Club of Missouri is sponsoring the Missouri delegation, and the local AAA group managed by Ray Lippard is sponsoring the Sedalia delegate.

The Sedalia delegate will be picked up in Sedalia by the local AAA, and transported to Automobile Club headquarters in St. Louis. The Missouri delegation will be assembled and given instructions before a special send-off dinner then board a chartered bus for Washington. The bus will follow a scenic route, arriving in Washington May 7. The delegates will be housed in the Raleigh Hotel in Washington.

They will tour the capital, meet their Congressmen, and attend pre-arranged meetings and activities for the Patrolmen. On Saturday, the Missouri delegation will take its place among 30,000 other Patrol members for a parade down Constitution Ave.

On Sunday, they will take their chartered bus to Mt. Vernon, the

fully restored home and plantation of George Washington. On Monday they will leave the capital on the return trip. There will be an adult supervisor for each eight boys.

Hall comes from Washington School, where he is captain of the School Boy Patrol. He is recommended by the principal for

Leon M. Hall, Jr.

his leadership, school activities, dependability and trustworthiness. Scholastically, he is interested in science.

Robert Wheeler, 909 South Stewart, from Broadway School, was named as alternate, in the event Hall is unable to make the trip. Wheeler is the captain of the Safety Patrol at his school.

## Gets 2-21 Years

# Mrs. Nicholas Sentenced; Taken to Women's Prison

INDIANAPOLIS (AP) — Connie Nicholas, disappointed by her conviction of voluntary manslaughter of her wealthy lover, was taken to the Indiana Women's Prison today to start a term of 2 to 21 years.

Sheriff's deputies whisked her to the prison in Indianapolis less than an hour after her sentencing, with plans for an appeal still up in the air.

"We probably will appeal," said Charles W. Symmes, one of her lawyers.

The jury of 12 married men returned the manslaughter conviction early today.

Immediately after Judge Thomas J. Faulconer pronounced sentence, the 45-year-old double divorcee turned in annoyance to her lawyers and said:

"I thought we were going to appeal and get bond set."

"We still can," said Joseph Quill, one of her three lawyers.

Mrs. Nicholas, who will be eligible for parole in 21 months, said she was "very disappointed" by the manslaughter conviction.

"I had hoped for acquittal all along," she told newsmen.

The conviction calls for a mandatory 2-to-21-year prison term.

Mrs. Nicholas, 45, clad in black, stood erect and showed no emotion when the verdict was read. She will be sentenced later today.

She will be eligible for parole in 21 months

Defense lawyers said any appeal of the sentence would have to be initiated by Mrs. Nicholas.

The tiny prisoner—5 feet 1 and weighing 105 pounds—declined to discuss the verdict.

"I have no comment at all to make," was all she would say.

This was a complete about-face from her demeanor during the trial, which started exactly a month ago today. Then, she talked freely and at one time was admonished by her attorneys to keep quiet.

Even while the jury deliberated last night, Mrs. Nicholas told reporters she still loved her 54-year-old playboy paramour, Forrest Teel, 54, a drug firm executive. She quoted a prayer:

"God grant me the serenity to accept the things I cannot change; the courage to change the things I can, and the wisdom to know the difference."

The jury debated approximately nine hours, with an hour and a half out for dinner, before agreeing on a verdict. Russell Cole, jury foreman, said, "There were more than 19 ballots before we reached the verdict."

He added that at first there were votes ranging from acquittal to first-degree murder, but at no time did any of the jurors mention sending the pert Mrs. Nicholas to the electric chair.

The prosecution, which did not ask the death penalty in its summation, termed the manslaughter verdict "fair and just."

About 75 spectators crowded the small courtroom to hear the verdict and see Mrs. Nicholas led away in handcuffs to return to her cell in Marion County jail.

### Timely Tips on Food

Fat added to liquid that is likely to boil over lessens the tension of the bubbles which form when the liquid is boiling. Since the bubbles do not have so much strength, they break more easily and are smaller and do not cause the product to boil over. This is done with starchy foods and even in making strawberry preserves.

Eggs are a protective food recommended by nutritionists and medical authorities to be included in the diet in some form every day, or at least four or five times a week. Eggs contain Vitamins A, B, and D and iron and phosphorus which are essential for building and maintaining strong, healthy bodies. Eggs are easily digested and may be included in everyone's diet.

Eggs may be served in hundreds of ways and they combine well with other foods. They should be removed from the refrigerator about 45 minutes before using, since the separation of yolks from whites is quicker and better if eggs are brought to room temperature. They heat up faster to a larger volume at this temperature. Eggs should be cooked at low to moderate temperature to assume uniformly tender attractive eggs and egg dishes. High temperature and over cooking toughen eggs. In dishes thickened with eggs, such as custards and sauces, high temperature and overcooking cause curdling.

### Timely Tips on Sewing

Seams that cross should match perfectly, forming four square corners. When using stripes or contrasting colors, seams may be crossed, creating interesting block designs. In dress construction, these joinings are necessary at the shoulder line, underarm and the waistline. The seams should be finished and pressed.

To join, clip off corners at seam edge the depth of the crossed seam. The seam may be pressed open when joining at the underarm, shoulder line or when joining squares, but is usually pressed

ed together at the waistline joining and may be top stitched. Grading of seams means trimming seam edges unevenly to avoid bulkiness. This is used in collars, facings, ties, belts, pockets, plackets, skirt bands and any seam that is too bulky.

Sharp stitching is used to help facings stay in place. On the outside top stitch through the facing and seam allowance. Stitch close to the seam line. This stitching will hold the seam line slightly to the underside. Press so that seam edges are pulled slightly underneath and will not show from the right side of the garment.

Sharp stitching gives low necklines and sleeve facings a professional look and if used on the under side of a collar the under collar never shows. To release the edge and prevent pulling when facing is turned to wrong side, slash seam allowance every one half inch. This should be done before sharp stitching. A skirt that hangs smoothly is a result of correct pattern adjustment, proper consideration for the grain of the fabric and good pressing. Be sure all seams are finished and pressed, markings and bastings removed. Try on dress for final inspection and fitting, wearing foundation garment, slip and shoes that will be worn with the dress. Make any adjustments needed before marking hemline.

Hems properly put in, belts neatly made, zippers applied smoothly, appropriate trimmings, used, the correct interfacing used, garments cut on the grain, darts in the right places and patterns adjusted before cutting are all important practices that make the difference between a home made and hand sewn garment.

## Hardware Week Plans Announced

There will be 23,000 independent hardware stores throughout the country to participate in IRHA Hardware Week, opening Thursday, April 23.

The annual promotion, which is sponsored by the Independent Retail Hardwaremen of America, will feature famous brand merchandise values for customers from the country's leading hardware and housewares manufacturers.

"A new exciting feature has been added to this year's IRHA Hardware Week," a spokesman said. "An Esther Williams 'Living Pool,' a new design in swimming pools, will be given away to some lucky Hardware Week shopper. Residents of Sedalia need only come in and register at any independent hardware store. There are no jingles or gimmicks to write, nothing to buy—just sign an entry blank at any hardware store. In addition to the Esther Williams Pool, which will be installed in the winner's backyard at no cost, there are over 400 other valuable merchandise prizes that will be awarded to Hardware Week shoppers. Winners will be announced following the national drawing on June 1."

Supporting the IRHA hardware stores in their huge spring selling event are 600 hardware wholesalers

distributors and leading manufacturers whose famous brandname goods are featured in these independent stores.

Shelves are stocked with this newest merchandise. The latest in everything, including power and hand tools, do-it-yourself and fix-it-yourself equipment, handyman

materials and supplies, sporting goods, housewares and kitchenware, and lawn and garden supplies, has been tagged and ready for buyers.

"Hardware Week was planned and timed to coincide with the most appropriate time of year—springtime, when folks tradition-

ally start fixing things up around the house," the spokesman said. Sedalia has done all it possibly could to make Hardware Week the best time to serve the homeowner by making available the finest seasonal merchandise at the thriftiest prices.

## Double Ring Ceremony Unites Shirley Cassil, Carl Schlup

At two o'clock Sunday afternoon, April 5, Miss Shirley Jean Cassil, daughter of Mr. and Mrs. Arnold Cassil, Lupus, and Carl Schlup, son of Mr. and Mrs. Elmer Schlup, Jamestown, were united in marriage at the Baptist Church in Lupus. The Rev. Hugh Trotter performed the double ring ceremony before an altar adorned with a center arrangement of palms enhanced with cathedral

baskets of white gladioli and huckleberry foliage flanked by candelabra decorated with palms. Music was furnished by Mrs. A. L. Cassil, Jr., vocalist, who sang "I Love You Truly" and "Because," and by Miss Linda Steiner, Jamestown, who accompanied Mrs. Cassil and played the traditional wedding marches.

The candles were lighted by Brenda Joy and Leslie Cassil, niece and nephew of the bride. Miss Joy wore a white nylon dress with red flock dots, which tied in back with a large red bow. Her corsage was of white carnations.

The bride, given in marriage by her father, wore a street length dress of white Chantilly lace and net over satin. She carried a bouquet of white carnations centered with a purple orchid and tied with white ribbon. Her only jewelry was a double strand of pearls, a gift from the groom.

As her matron of honor, the bride chose her sister, Mrs. Wesley Dietzel. She was attired in a light blue dress and carried a nosegay of white carnations.

Eddie Schlup served as his brother's best man and A. L. Cassil, Jr., brother of the bride, and Leslie Schlup, brother of the groom, ushered.

For her daughter's wedding, Mrs. Cassil chose a navy dress with white accessories and the groom's mother wore a toast colored dress with navy blue accessories.

Following the ceremony a reception was held at the home of the bride's parents for the immediate families. The tea table was covered with a lace cloth and adorned with a three-tiered wedding cake topped with a miniature bride and groom. Burning white tapers were on either side.

Mrs. Wesley Dietzel and Miss Helen Cassil had charge of the refreshments with Miss Cassil also in charge of the gifts. Miss Alta Mae Schlup, sister of the groom, was in charge of the guest book.

Following the reception the couple left for a wedding trip. For traveling, the bride wore a navy blue dress and an orchid corsage.

The bride is a graduate of Prairie Home High School and for the past five and one-half years has been employed in the office of Attorney A. L. Gates, California. The groom operates a service station in Jamestown, does trucking and is engaged in farming with his father.

## Banker Asks New Social Security Plan

ST. LOUIS — (AP) — A New York banker today called for a revamping of the U. S. Social Security system to put it on a pay-as-you-go basis with a flexible retirement age and sliding scale of payments.

G. Warfield Hobbs, vice president of the National Committee on The Aging, made the recommendations in a speech prepared for the Middle Mississippi Valley Regional Conference On Aging. He was ill and unable to attend and his speech was read by Mrs. Geneva Mathiasen, executive secretary of the national committee.

Hobbs also called for extension of Social Security to groups not covered at present, and a cost-of-living index to protect pensioners against the shrinking value of the dollar.

"I feel confident a substantial number of full time workers between 65 and 72 would relinquish their jobs to young workers," he said. "If they were allowed to supplement their social security pensions x x x"

The flexible retirement age, in Hobbs' view, could be used as an accordion to contract and expand labor as the economy changes.

He said European nations use a pay-as-you-go system for paying for their Social Security instead of the accumulation method used by the United States. The U. S. now has a 23-billion-dollar trust fund hand for Social Security. He said the accumulation method has failed other countries because of inflation.

Hobbs said if the U. S. were to switch over to pay as you go on a long-range, 10-year basis, taxes wouldn't have to be raised because the 23 billion could be used to pay Social Security in this period.

## Teenager Charged With Vehicle Death

LINCOLN, Neb. (AP) — A Lincoln teenager charged with motor vehicle homicide in the auto death of a girl companion was sentenced yesterday to one to two years in the Nebraska Men's Reformatory and fined \$500.

The sentence of John E. Olney, 18, was suspended for a month to permit his attorney, former Gov. Robert Crosby, to appeal to the Nebraska Supreme Court.

A district court jury found Olney guilty of motor vehicle homicide in the Oct. 6 death of Constance Lane, 17.

William T. Wertz, 19, with whom the state alleged Olney was drag racing, is also charged with motor vehicle homicide. His case has not been set for trial.

## Delays Thor Firing

## OBITUARIES

### Charles F. Hert

Charles F. Hert, 73, of 316 West 11th, died at 6:30 a.m. Thursday at Bothwell Hospital after an illness since December, 1952.

Mr. Hert, a well known pharmacist in Sedalia for over 50 years, was born at California, Mo., Jan. 8, 1886, son of the late Ben and Emma Messerly Hert. There he spent his younger years and received his education in schools of Moniteau County.

In 1906 he came to Sedalia and had since made this city his home. He was married to Miss Irene Davidson at West Aurora, Mo., on Sept. 20, 1910. She preceded him in death on Oct. 17, 1945. Recently he received a 50-year certificate as a certified registered pharmacist in Missouri.

For a period of 49 years Mr. Hert was employed by the Bard Drug Co. and the past four years by the Yunker-Lierman Drug Co.

Mr. Hert was a member of the Congregational Presbyterian Church, Granite Lodge No. 272, AF and AM.

Surviving are: Two daughters, Mrs. Mary Langrill, Detroit, Mich., and Mrs. Margaret Richey, Route 3, Sedalia; two sisters, Miss Ella E. Hert, a former teacher in Smith-Cotton High School, and Miss Clara E. Hert, employed by the Division of Employment Security, Jefferson City, both of California; a brother, Lawrence B. Hert, with the Drovers' Telegram at Kansas City; and five grandchildren, Linda and Larry Langrill, Detroit, and Dorothy, Kathryn and Nancy Richey, Route 3.

Funeral services will be at 2 p.m. Saturday at the Congregational Presbyterian Church, the Rev. Leonard Reifel, pastor, to officiate. Miss Mabel DeWitt will play organ music.

Palbearers will be James Reed, D. G. Bell, Arthur Hoffman, Bill Hurlbut, Henry Heitman and Harold Yunker.

The body is at the Gillespie Funeral Home, to remain until 1 p.m. Saturday, when it will be taken to the church.

Burial will be in Memorial Park Cemetery.

**Mrs. Marie Milburn Russell**  
Mrs. Marie Milburn Russell, widow of Wallace Russell, former Sedalia resident, died at 7 a.m. Thursday, according to word received by her brother, F. O. Milburn, 1329 East Ninth.

Mrs. Russell, lived in Sedalia many years, where her husband was in the real estate business, and then a number of years ago moved to Kansas City. After the death of Mr. Russell, she divided her time between her six children and was at the home of her son, William Russell, in Kokomo, Ind., when she died.

Funeral services will be at 2 p.m. Saturday at the Stine-McClure Funeral Chapel in Kansas City.

**Janet Clingan**  
Janet Clingan, 3 years old, died Tuesday, April 14, at St. Mary's Hospital, Kansas City, after an illness of ten days.

Surviving are: Her parents, Harry and Myrtle Clingan, 10109 Hillcrest Road, Hickman Mills; two brothers, Jimmie and Mark; her paternal grandparents, Mr. and Mrs. Harry Clingan, Sr., 6141 Olive, Kansas City; her maternal grandparents, Mr. and Mrs. Otto Eldenberg, Florence; two uncles, Donald Eldenberg, Arlington, Calif., and Robert Clingan, Hickman Mills, and one aunt Mrs. Lucille Broderson, Florence.

Funeral services will be held at the Methodist Church in Florence Friday, at 2 p.m. with Elder Hedlund of Kansas City, to officiate.

Burial will be in the Union Cemetery at Florence.

The body is at the Stevinson Funeral Home in Stover.

**William Henry Vansell, Jr.**  
William Henry Vansell, Jr., four, son of the Rev. and Mrs. William Vansell, former Sedalians, died at the Warrensburg Medical Center in Warrensburg at 5 a.m. Wednesday. He had been ill since Tuesday.

The child was born at Sedalia, March 4, 1955. For the past year

## Bride-to-Be Of AF Cadet Has Problem

DENVER, Colo. (AP) — Young King Hussein of Jordan was to visit the Air Force Academy at Colorado Springs. But a snowstorm caused the monarch to cancel the visit.

"It's a tragedy," wailed 18-year-old Barbara Edwards of Denver. Barbara's fiance, Lee Barnwell, 23, of Greenville, S.C., is a classman at the academy. He's restricted to the campus for violating regulations.

"Golly, he's been in confinement since the first week in March, and he won't get out until June 2. He graduates the next day, and the day after that we're getting married."

"Who ever heard of a girl not being allowed to see her fiance for nearly three months before the wedding?" said Barbara. "I think it's downright mean!"

Like the sister academics, the Air Force Academy has a tradition that visiting royalty may grant amnesty to erring cadets.

Barbara sent Hussein a telegram, asking that he return.

Hussein's reply was sympathetic: Because of a tight schedule on his tour, he can't make up his Air Force Academy stop.

"But he wished us happiness on our marriage," sighed the brunette bride-to-be.

Barbara broke her right leg in a skiing accident a year ago. A second operation was necessary last February to correct a broken bone.

Barnwell made use of a personal car to visit Barbara in a hospital here, and personal cars are taboo for cadets.

Now he and Barbara are planning their marriage by mail.

## Losing Bleak Look

LOS ANGELES, Calif. (AP) — Los Angeles is beginning to lose that bleak and sterile look.

So says Frederic A. Chase, executive director of Los Angeles Beautiful. He pointed out that the 10,500 permits to plant trees on downtown streets last year represented a 90 per cent increase over 1955.

The result, he says, is that "the city is beginning to resemble a habitat of human beings rather than a bleak and sterile mosaic of asphalt, concrete and steel."

## Elected Mayor

In the town election held at Ottaville, Tuesday, April 7, Richard Baker was elected mayor. Dannie T. Glenn, alderman, east ward and Lawrence Landreth, alderman, west ward. Glenn Lee Young was elected police judge.

Elected to the Board of Education was Lloyd Speaker, who will serve out the unexpired term of A. W. Wear, who resigned. J. E. Duschle and Kester Potter were elected for three-year terms.

The family has resided in Warrensburg, where Rev. Vansell is pastor of the Pentecostal Church of God.

Besides his parents he is survived by two brothers, Robert Edward Vansell, 2, and Ronald Ray Vansell, 1, of the home. Also surviving are two grandmothers, Mrs. Robert Goff and Mrs. Annie Vansell, both of Sedalia.

Funeral services will be held at the Gospel Tabernacle at 2 p.m. Saturday. The Rev. F. R. Luckey, pastor, will officiate.

Burial will be in Crown Hill Cemetery.

The body is at the Ewing Funeral Home where it will remain until the hour of the service.

## W. R. Marshall Rites

Funeral services for William Richard Marshall, 86, who died at his home in Knob Noster Tuesday, will be at 2 p.m. Friday at the Christian Church there, the Rev. Keith Shrum to officiate.

Mrs. William Poole and Mrs. Keith Shrum will sing "I'm Going Home to Die No More," "In the Sweet Bye and Bye" and "Beyond the Sunset."

Active pallbearers will be grandsons: Herbert L. Skidmore, Marshall; Emory H. Skidmore, Ottawa, Kan.; Gary Wayne Marshall, Centerville, and John Giger, Slater.

Honorary pallbearers will be M. T. Adcock, H. A. Wimer, Louis Benton, Charles Collet, Henry Shumate, Frank Shepherd and Willis Baldwin.

The body is at the Sweeney-Phillips Funeral Home, Warrensburg, to remain until noon Friday.

Burial will be in Knob Noster Cemetery.

A call was received for the police at 9:24 p.m. Wednesday to Lamine and Johnson where a gang of boys had congregated. The gang was broken up by the police.

Police were called to 409 North Quincy at 8:55 p.m. Wednesday. Officers picked up three juveniles who were in the neighborhood and took them to police headquarters. The boys were turned over to Cecil Glenn, juvenile officer.

Three youths picked up a small car in front of the Sedalia Drug Co. and lifted it onto the sidewalk. The boys were gone before the police arrived. Time of the call was 9 p.m. Wednesday.

Sgt. Paul Valuska, 611 West Sixth, reported to the police his 1954 Ford Station Wagon, California license MHP 373, was stolen from in front of the above address sometime Wednesday night.

### Fires In City

The fire companies at 10:23 a.m. Thursday were called to 1802 South Prospect, where meat in a skillet had burned to a crisp. According to the fire department, the meat had been put on to cook while Mrs. Orval Petree went out side and was gone a second or two too long. No damage resulted.

### Other Fires

Fire believed to have started from a brooder stove at 1:40 a.m. Thursday, destroyed a brooder house and about 750 turkey polts. The fire was at the farm of Don Knight, two miles west of LaMonte on old Highway 50.

The building, about 30 feet square, burned to the ground before the LaMonte and the Pettis County Fire Departments arrived on the scene. The firemen did, however, save a brooder house and other nearby buildings.

The brooder was damaged when the heat scorched one side. Firemen kept water pouring on the wall and kept it from catching fire.

Losses were estimated at about \$800.

## Fulbright Addresses US Editors

WASHINGTON — (AP) — The nation's editors were urged today to help mold a nonpartisan foreign policy aimed at protecting 20th century revolutions from "the Communist scavengers."

Sen. J. William Fulbright (D-Ark.), chairman of the Senate Foreign Relations Committee, made the appeal in an address to the American Society of Newspaper Editors on the first day of its annual meeting here.

Fulbright told the editors this country's interests require that it do what it can "to protect the 20th century revolution in non-Communist Asia, in Africa, and in Latin America from the Communist scavengers. Our interests require that this revolution be given a chance to develop along constructive lines."

To match Communist states which can fix and execute policy by simple decree, Fulbright said, millions of Americans will have to reach "some national decisions as to priorities" — to sacrifice some luxuries for long-range growth, to export more capital and import more goods.

"We might even bring ourselves to put less steel into automobiles and more into school construction," he said.

"Until we revise our sense of values, we will never think we can afford to do the things which, in my judgment, we must do if we are to survive as a nation of free people."

"The gravest crisis confronting the western world today is not in Berlin; it is within ourselves."

The nearly 400 editors attending the three-day meeting will hear an address Friday by Fidel Castro, youthful prime minister of Cuba's revolutionary government.

### Back on Job Today

PITTSBURGH, Pa. (AP) — Corrine Deutschbauer, the pretty 20-year-old girl who picketed the Pickle Workers, is back on the job.

Corrine picketed the office of Local 325 of the Canning and Pickle Workers Monday. She claimed her 35-hour work week was being cut.

The Pickle Workers fired Corrine, but rehired her Wednesday.

New York, pleaded guilty and was fined \$10. Radar checked.

Six overtime parkers who failed to appear in police court forfeited their \$1 cash bonds while 77 others paid the 25-cent fee.

Ray Curtis, Houstonia, charged with parking on the wrong side of the street, forfeited a \$2 cash bond.

### Circuit Court

Dolly G. Wilbur was granted a divorce from Holmes O. Wilbur in Circuit Court April 15. Harold W. Barrick was the attorney for the plaintiff.

James M. Anderson filed a petition for \$1,000 damages against Loy Lee Holman in Circuit Court April 15. A hearing was held the same day and \$1,000 judgment was awarded as asked. The damages resulted from personal injuries received in automobile accident at the intersection of Ninth and Limit on March 30, 1952. James E. Durlay was the attorney for the plaintiff.

Jess H. Shoemaker filed a petition for \$1,000 damages against Michael Hughes in Circuit Court April 14. A hearing was held and the damages were awarded as asked. The damages are the result of a truck accident north of the intersection of Highway 50 and Route 127 on Sept. 12, 1952. Shoemaker was a passenger in the truck when it overturned. John C. McCloskey was the attorney for the plaintiff.

## TV, Radio Stations Go Off Air Friday In Practice Alert

WASHINGTON (AP) — All television and radio stations in the United States will go off the air for half an hour Friday morning signaling the start of the annual national civil defense drill.

The Office of the Civil and Defense Mobilization said today the unusual silence will begin at 11:30 a.m., EST.

About 1,200 radio stations will resume broadcasting immediately on the two "Conelrad" civil defense frequencies — 640 and 1240 on the radio dial.

The name is an abbreviation of control of electromagnetic radiation. The system, under which various stations alternate on the frequencies, was designed to prevent enemy bombers from using radio beams to find their targets.

All this will be part of Operation Alert 1959, designed to test the nation's readiness to cope with a mock nuclear attack by planes and missiles.

Operation Alert will continue through the summer in various stages. On Friday and Saturday, the public will take part as warning signals sound across the country. In many communities, citizens will evacuate or take cover depending on local plans.

Sedalia's participation, in addition to the local radio and TV participation, will consist of a communications check and the "running through" of the alert telephone calls. Chief of Police Ralph Hamlin said.

## Hotel Blast Takes One Life, Hurts Two

MONTREAL (AP) — A man carrying 20 sticks of dynamite in an overnight bag registered at the downtown Queen's Hotel Wednesday night. Less than two hours later a blast shook the building, taking his life and injuring two persons.

Detectives said it was suicide and that the man was Guy Charbonneau, about 40, from the farming community of St. Lin, Que., 35 miles north of Montreal.

Police had no immediate clues to his motive, and no note was found.

His fourth floor room and one adjoining were demolished. But there was no damage to a room three doors away in which a U.S. space expert, Dr. John P. Hagen, was registered. Dr. Hagen, chief of the U.S. Vanguard satellite project, was addressing a chemical meeting on the hotel's main floor at the time.

The blast punched a four-foot hole through the ceiling of the room below Charbonneau's, slightly cutting its two occupants.

## Socialist Protests Vatican Ruling

ROME (AP) — Pietro Nenni, leader of the Italian Socialist party, called on the government Wednesday night to protest a Vatican decree forbidding Roman Catholics from supporting Communist sympathizers in elections.

Nenni, whose party often sides with the Communists on issues, charged in the Chamber of Deputies that the Vatican order violated the treaty regulating relations between Italy and the Holy See.

The Christian Democratic government of Premier Antonio Segni did not indicate whether it would agree to a parliamentary debate on the motion filed by Nenni and several other Socialist deputies.

## Parent-Teacher Units Hold All-Day Instruction Period

More than 50 people, representing the eight PTA units that from the Sedalia Council of Parents and Teachers, attended an all day school of instructions Wednesday, April 8.

Mrs. Ralph Rohrbach, Council president, presided throughout the day, and Mrs. Murrell Elsen, district president, gave an inspirational talk on "The Role of the PTA."

The principal speaker was Mrs. Norman Moore, second vice-president of the Missouri Congress of Parents and Teachers, who talked on the subject, "An All Over Picture of the PTA." Mrs. Moore stated the work of the National Congress is carried on through its 40,376 local units and 50 state branches which include the District of Columbia and Hawaii. There are also Congress PTA's

in Alaska, Puerto Rico and the Island of Guam. In addition, there are Congress units in American military bases in 13 foreign countries.

Mrs. Moore reviewed the policies of the PTA, using as her guide the PTA manual. The program of the association is non-commercial, non-sectarian and non-partisan. It should not seek to direct administration of the school or control policies.

After a brief recess period, Mrs. Howard Gwinn served as moderator for a panel group which discussed "Building the PTA." Mrs. George Chamberlin spoke on the PTA program and what purpose it serves; P. A. Sillers, elementary school supervisor told of the needs of the community. He presented figures showing the increase in the number of students in the Sedalia elementary school since 1948. During this period, there has been an increase of 778 students in the Sedalia schools and approximately 85 per cent of these students are enrolled in the schools west of Ohio street. Sillers gave the actual number of students in each classroom of each school. Mrs. Nathalia Poynter told how these needs can be converted into interesting action programs. She gave a number of sources of information that are available in preparing the programs.

Following the lunch period, Mrs. T. E. Owen led the group singing in a song service. Mrs. Jack Herndon was the accompanist.

Mrs. Moore spoke on "Leadership and Participation," urging all to strive to get more members to be active participants rather than just members.

The meeting was then organized into six discussion groups. The purpose of these was for specific instructions to officers and chairmen. The leaders were: Mrs. Norman Moore, Mrs. Murrell Elsen, Mrs. George Espelin, Mrs. Theodore Wells, Mrs. Floyd Knox, Mrs. Oliver Thomas, Mrs. Myron Lindquist, Mrs. J. O. Dotson and Mrs. Aubrey L. Moore. Highlights of the discussion in these classes were given by reporters from each group.

Mrs. Elsen summarized the day's program. She stated the best way to get new members is to give them a job.

"The purpose of the PTA is educational and we must work together in all ways," she said.

The closing meditation was a vocal solo, "The Lord's Prayer," sung by Carl Dedman, music instructor at Hubbard School. He was accompanied by Mrs. Floria Shepard, first grade teacher.

## Wants Space Project Under Single Agency

WASHINGTON (AP)—The Navy's research director wants the nation's space program put under a single agency—but not during this session of Congress.

Vice Adm. John T. Hayward, head of the Navy's research and development programs fired some strong criticism at the present set-up of separate civilian and military space agencies when he testified Wednesday before a congressional committee.

But he later said, "I certainly wouldn't change the law this session of Congress."

Hayward made his recommendations to a Senate Space subcommittee headed by Sen. Stuart Symington (D-Mo.).

Hayward urged a space administration similar to that of the Atomic Energy Commission, which has handled both the military and peacetime uses of atomic energy.

## Cities Pressing CAB Decision On Air Service

SALINA, Kan. (AP)—Cities in three states are pressing the Civil Aeronautics Board for an early decision on which airlines shall serve a broad section of the Midwest.

The Kansas-Oklahoma case, before the CAB 18 months, will determine the airlines and their routes.

Twenty-eight cities in Kansas, Nebraska and Colorado were represented here yesterday at meeting of Mayors' Committee for Airline Service for Kansas. The group adopted a resolution protesting further delays and urging announcement of a decision.

Four airlines—Ozark, Central, Frontier and Hi-Plains—are seeking permission to serve the territory. Case covers an area from Omaha to St. Louis, to the south corner of Oklahoma, to Amarillo, Denver and back to Omaha.

Ross Beach Jr. of Hays, president of the Kansas Chamber of Commerce, was chairman of the meeting.

Cities represented here were Burlington, Yuma and Fort Morgan, Colo.; McCook, Neb.; Oberlin, Goodland, Pittsburg, Junction City, Topeka, Hays, Great Bend, Hill City, Beloit, Concordia, Manhattan, Parsons, Independence, Emporia, Norton, Atwood, Phillipsburg, Clay Center, Mankato, Smith Center, Russell, Pratt, Salina and Kansas City.

SAN PEDRO, Calif. (AP)—Bill Coffman, 32, a night club entertainer, claims a new record—135 hours—for playing the organ with 15-minute hourly breaks. He said the previous record was 133 hours, set by a pianist, Mrs. Marie Ashton of Slough, England, April 4.

## Old Woodpecker Uses Antenna For Love Calls

RYEN, N.Y. (AP)—Ten days ago a staccato knocking and banging awakened the Richard Spath household at 5 a.m. "Good heavens," said Mrs. Spath, "whatever can that be?"

"Must be the plumbing," said her husband.

No, it wasn't the plumbing, said the plumber.

Second day: same time, same noise. Spath called in a heating engineer. Not the heating, said the engineer.

Third day: ditto time and racket. Gas man called in. No defeat, the man said.

Fourth day: same old time and tribulation. Spath donned a robe and hurried outside. There, in the dawn, he saw the culprit: a downy woodpecker hammering like mad on the television aerial. "Go home," "shoot!" and rocks and hand-clapping failed to scare away the bird.

Wednesday, Spath consulted the National Audubon Society. Advised the society: Turn the garden hose treatment first. He'll probably get help from his wife and their two youngsters, Greg, 6, and John, 3.

That downy woodpecker isn't just a mean old cuss, said the Audubon Society. He's merely using the TV antenna as a sort of sounding board to issue a spring love call.

## Fast Photo Plane Sets Speed Record

LAS VEGAS, Nev. (AP)—A McDonnell RF101 Voodoo, the world's fastest photo reconnaissance aircraft, streaked to its fifth speed record Wednesday.

Piloted by Air Force Capt. George A. Edwards Jr., the plane roared over a triangular 500-kilometer course at 816.279 m.p.h. The world record was announced by the Tactical Air Command at the World Congress of Flight.

The previous record was 695.127 m.p.h. over a similar course in July 1955 by a Navy A4D1 fighter.

Edwards, from Crossville, Tenn., and stationed at Shaw Air Force Base, S.C., flew over a course beginning and ending on the Mojave Desert.

At any event, the spokesman continued, the hammering won't go beyond the next few weeks or so. By that time, the bird either will have found a mate or will give up. And what's more important to the Spaths, it will go away.

## Three Men Killed In Truck Explosion

ANAHEIM, Calif. (AP)—A gasoline truck-trailer swerved to avoid a car on the busy Santa Ana Freeway Wednesday, burst through a divider fence, smashed into a car, overturned and exploded.

The toll: three men killed, one burned critically, five others injured.

Burned to death in their smashed car were Franklin O. Carlson, 25, Russell Fischer, 45, and Walter Fulmer, 40. Eugene McGill, 30, received burns over 97 per cent of his body.

The truckdriver, Donald Currell, leaped from the cab uninjured.

Randolph Kinkelaar, 41, was booked on a misdemeanor manslaughter charge. Police said his car swerved in front of the truck-trailer, which hit it and went out of control. Kinkelaar was unhurt.

HOLLYWOOD, Calif. (AP)—Elizabeth Taylor was recuperating today after having her tonsils removed at Cedars of Lebanon Hospital.

Singer Eddie Fisher, the actress' fiance, was at her side before and after surgery Wednesday. Then he flew back to Las Vegas, Nev., for a night club engagement and to protect his legal residence status under which he expects to get a Nevada divorce from Debbie Reynolds May 11.

Miss Taylor was expected to remain in the hospital three or four days for treatment of a chronic throat infection.

## With Spoons Raised High

In this day and age, momentous discoveries in science seem to tumble forth one after the other in bewildering confusion. The only defense the ordinary layman has is usually a shrug of the shoulders and a sort of numb, dumb acceptance of it all.

One new development, however, will not go unappreciated by the public. That's the announcement by two Connecticut chemists that the hangover-causing culprits in whisky have been identified—namely, fusel oil and acetaldehyde.

They've actually produced 100 per cent hangover-proof booze in the laboratory.

But what's more, these noble pioneers hope someday to be able to make a synthetic instant whisky, something on the order of instant coffee, that will be hangover-free and tasty as the real thing.

"What'll you have? A heaping teaspoon on the rocks? Coming right up, sir."

### O Good and Faithful?

The employment of enlisted men in the U.S. armed forces as servants to officers is specifically prohibited by military regulations. That's what Pentagon brass told the House Appropriations Committee investigating charges by Rep. Frank Kowalski (D-Conn.).

There it was in black and white: It is prohibited by regulations; therefore, it cannot exist, gentlemen.

The case would have been closed but for Rep. Daniel L. Flood. The Pennsylvania Democrat threw a monkey wrench into works by asking for a few facts.

If there are no servants in uniform, who are all those GIs assigned to generals?

Oh, them? Why, they're just aides, chauffeurs and stewards. How many? Oh, around 3,000 all told—in Washington, that is. But they're aides, chauffeurs and stewards. Not servants.

Oh, it's all clear now. Just a semantic misunderstanding. Thank you, general.

## Former Friend Turns Against Castro

By DREW PEARSON

WASHINGTON—As Fidel Castro, revolutionary leader of Cuba, arrived in Washington yesterday, one of his fellow revolutionaries was on hand to meet him. Rafael Del Pino, who journeyed to Bogota with Castro to incite the famed student "massacre," was on the unofficial American reception committee for his old friend Fidel.

This time, however, the two young revolutionaries were on the opposite sides of the fence.

Rafael Del Pino is now bitterly anti-Castro and helped arrange for pickets to come from New York with placards reading "Castro go home." He also hired an airplane and personally dropped anti-Castro leaflets over Havana telling Castro to kick out his brother, Raul, and the Argentine pro-Communist Guevara.

"We had 10,000 pamphlets," Del Pino said. "At first I thought we had too much. But when I saw them dropping through the air they didn't look like too much."

The story of the early revolutionary exploits of these young men throws light on the still uncertain question—what makes Castro tick? It also tells for the first time the inside story of the Bogota massacre which killed 300 bystanders just as Secretary of State George Marshall was trying to weld inter-American harmony at the Pan American conference in Bogota.

"Fidel Castro was my closest friend," says Rafael Del Pino. "I lived with him, ate with him. We were in the University of Havana together and in Mexico together."

"Earlier we were together when Senator Molinari of Argentina came to Havana to attend a labor conference and talked to some of us about going to Bogota to organize a student drive against the European colonies in Latin America."

**Broke in Panama**  
"The Argentines figured that if they could arouse sentiment against British Honduras and British Guiana, then they could kick the British out of the islands around the Antarctic, which Argentina wants."

"So Fidel and I took the money sent by Peron and went to Bogota."

On the way they stopped in Panama, where Castro fell in love with a Peruvian night club dancer. Every night he kept hoping she might reciprocate his affection, and every night the two young men spent more money in the night club. Finally, with only \$2 left, they went on to Bogota. There they asked a taxi driver: "Say, buddy, do you know a hotel where we don't have to pay until the end of the week and which also has a restaurant?"

The taxi driver directed them to the Hotel Claridge. The first night they had a steak and a big bottle of wine. At the end of the week they still needed money, so they tossed a coin to see who would cash in his return-trip airplane ticket to pay the hotel bill. Castro lost.

"We never did pay the second week's hotel bill," recalls Del Pino. "We heard the president of Colombia announcing over the radio that Fidel Castro and Rafael Del Pino were responsible for the riots and we drove imme-

PHILADELPHIA BULLETIN: An Extra Week of Summer.—A bill introduced in the New Jersey Legislature is intended to make summer a week longer for seashore resorts by shifting the date of Labor Day to the second Monday in September. Its sponsors do not expect to change the climate, and their plan depends on the co-operation of Pennsylvania, Delaware and New York, which they are unlikely to get.

Probably there is a point beyond which meddling with the calendar is asking for trouble. In 1941, for example, mid-September temperatures dropped to 51 degrees in the Philadelphia area, which is a bit cold for beauty contests.

There might be more public enthusiasm if summer could be legally lengthened at the other end. According to the old-fashioned calendar, it won't begin until five months from now, no matter whether the groundhog saw his shadow or not. It's a long while to wait in this kind of weather.

### 50 Stars The Limit

With the transition of Alaska and Hawaii from territories to statehood, the federation of the United States appears to be complete. Puerto Rico is a free commonwealth in association with the United States and as such is not likely to want statehood.

The Virgin Islands, purchased from Denmark in 1917, for 25 million dollars, has the best chance of some day becoming a territory. At present the islands are administered by the United States Department of the Interior. Guam, in the Pacific, is also administered by the same department and is the chief Pacific base of the Strategic Air Command. Guam was acquired from Spain in 1898.

The Panama Canal Zone, another United States possession, is a military reservation obtained by treaty in 1904 and is under the control of the Secretary of the Army, with a military governor.

The other few scattered Pacific islands such as the American Samoa, the Caroline, Marshall and Mariana groups are in a United Nations trust assigned to the United States. The Canton and Enderbury Islands control is shared by Great Britain.

This country is not interested in acquiring land for colonization. It is interested in giving to its territorial and other possessions the freedom and protection they need. It is not likely that the isolated and often uninhabited islands of the Pacific should achieve statehood status at any time in the near future.

It looks as if 50 stars in Old Glory will be the limit for many years to come.

Distributed by NEA Service

Sometime in the fall of 1958 an official in the United States Information Agency read a novel called "The Ugly American."

howled with outrage and refused to grant the book coverage under the Informational Media Guaranty Program.

This, in effect, banned the book for distribution in several countries abroad. William Lederer and I, the authors of the book, heard the sad news, packed a bag and headed for Washington to do battle. It was an unnecessary trip, but it was educational.

"The Ugly American" is not a gentle book. We wrote it with speed, anger and a sense of desperation. It is our belief that the shape of the world of the future is largely being hammered out by those Americans that represent us abroad... diplomats, generals, consuls, technical experts. If these people represent us well the great sweep of non-Communist nations around the world may become our allies and eventually our friends. They are neither now. If they go behind the Iron Curtain we will eventually stand alone, solitary, enormously menaced.

We argue in our novel that Americans abroad, despite some notable exceptions, are not doing the job well. In fact they are.

In the accompanying article, noted author Eugene Burdick presents his argument for that campaign. in thousands of small and isolated episodes, working out a pattern of great tragedy.

We point out that diplomats who do not know the language of the people with whom they work are less than useless; they are a humiliation. We argue that we must help the developing nations with technical skill and supplies, but, it must be necessary skills and the right supplies. A hundred road-building tractors in a country which still harvests rice by hand can cause a generation of small bitterness among the peasants.

We argue that Americans who willingly lock themselves up in their comfortable compounds and never get into the boondocks and villages and mud cannot know what is needed. We argue that foreign aid is essential and in fact, it must grow in magnitude and scope, but it must be accompanied by skill, dedication, an open heart and a tough-minded understanding of what is needed.

At present few Americans possess these qualities. Communists, on the other hand, possess in abundance all of these qualities except the open heart.

Let me be clear. Every act can be read in different ways. It is quite possible that representatives abroad are doing a superb job. But we do not think so and we wrote a book pointing out why. The problem was quite simple: Was a book to be banned by the very people that it criticizes? In Russia the question would not even be raised. In most of the world when the majesty of government is invoked the writer falls mute.

### Symington Warns Of Feudal Land System

From Our Washington Bureau  
WASHINGTON (D.Mo.)—Senator Stuart Symington (D-Mo.) says that many farm leaders foresee "a gradual return to a type of feudal land system if present trends continue."

A member of the Senate Agriculture committee, Symington told the 19th Annual meeting of the Annual Health Institute that "giant corporation farms are not the answer to the problems facing agriculture."

"What is needed," the Missouri Democrat said, "is for farmers to be able to compete, on a more nearly equal basis, with other more closely organized segments of our economy."

Symington paid tribute to the Animal Health Institute for its great contributions to disease control and eradication. He specifically cited the industry's work with hog cholera vaccines. He added:

"A prosperous agriculture is vital to a prosperous and growing America (what with three out of every eight Americans involved in the feeding and clothing of the nation)."

of yielding. We simply prepared for a battle, not the least deterred by the fact that we were fighting a big and powerful agency of government. What was surprising was that the fight was not necessary. George Allen, head of USA and a civilized and responsible man, did a simple thing: he read the book. He then announced that the book would be permitted export under IMS, and it was. Nothing that he said suggested that he liked or approved of the book. I doubt that he does and I do not much care.

What I do care about is that conflicting views have a free market in which to demonstrate their truth or the reverse. If they are absurd they will fall of their own absurdity; if they are the truth they should have the right to prevail and seek support.

The system is not fool-proof. Occasionally a pernicious or false idea will gain wide currency. But it is the best system that we know. In the constant tension between government and the citizen it is refreshing to report a small incident in which both sides agree on the principle... and act on it.

## Castro May Clarify An Important Issue—Sugar

By JOSEPH A. DEAR  
Of Our Washington Bureau

WASHINGTON — The visit of Fidel Castro, Cuba's bearded and triumphant revolutionary, may clarify one important issue: the cost of stirring sugar in your morning coffee.

Cuba, a leading producer of the sweet stuff, sells half its output at premium price in the United States. But that isn't enough for Castro, and he's been talking of diverting Cuban sugar to other markets.

To the experts at the Agriculture Department, Castro just doesn't make sense. Cuban sugar enjoys a preferred position in the United States market now. Cuba could force the price of sugar up in our market, but that would cost Cuban producers a pretty penny.

The sugar business in the United States, from cane and beet fields through the mill, is a completely regulated industry. Domestic sugar costs more than foreign produced sugar. Thus the allotment of quotas to foreign producers usually means the price of sugar in the United States will top the world price. For that reason, every foreign producer wants a bigger quota of the U. S. market.

Last year, it took 9.2 million tons of sugar to satisfy the American sweet tooth. Cuban sugar accounted for 3.6 million tons of the total. That's been the average for Cuba since the end of World War II.

Except for a period during the Korean War, and a brief period following the Hungarian revolution, the world price of sugar has lagged behind the price in the United States. During these periods, Cuba could have cleaned up by ignoring its commitments to the United States and diverting its crop to other markets. But it instead chose the way of honor. Right now, though, the world

price of sugar is falling. Cuba could turn the market topsy-turvy by dumping sugar. But that wouldn't help Cuban producers. They'd get less for their crop, though to be sure, you would pay more to sweeten that cup of coffee.

Cuba expanded its sugar production in World War II. After the war Congress, which regulate the quota system, decided it would be unfair to push Cuban production back to pre-war levels. So the Cubans were guaranteed 96 per cent of the Philippine deficit plus 95 per cent of the increased United States consumption that would result from increased population.

In 1955, when Congress extended the sugar to 1960, domestic producers insisted on a return to the historic formula which assured them 55 per cent of the market. Actually, Cuba didn't lose out by this adjustment. But it did lose potential for selling more sugar in the United States.

This may be the source of Castro's gripe. If it is, say Agriculture Department experts, Castro's understanding of the quota system is imperfect.

He'll have a chance to clarify his thinking for the world during his visit. He could help matters with a few words aimed at restoring confidence in the system. Our experts can see no way Cuba could gain by Castro's going out of his way to disrupt the sugar scene.

If by some miracle he could break the quota system, which is designed to protect high cost American producers, sugar for your coffee would cost less. But no one imagines Congress would stand for that.

Even Agriculture Secretary Benson, who champions the cause of free enterprise farming, backs the sugar act. The Mormon Church, of which he is a ruling divine, qualifies as a primary producer of beet sugar.

## Blood Vessel Diseases Are Often Baffling Afflictions

By Edwin P. Jordan, M. D.

Buerger's disease is an inflammation of the lining of the blood vessels, particularly those in the legs and feet. It may lead in time to the complete blockage of blood flow through the involved blood vessels.

Thus the normal pulsation of the blood vessels in the affected limb may disappear entirely. This is one of the characteristic signs. This disease is much more common in men than in women, but whether this is due to heavier smoking or to some other reason is unknown. Actually, the exact cause is not entirely clear, though there may be a family tendency.

It is known, however, that tobacco smoking, infection, ringworm, and a chemical poison known as ergot play a part in the origin of the disease, at least in some people.

In this connection it is interesting to note that chronic poisoning brought about through eating ergotized bread, particularly when it is rye bread, appears to bring on the disease in some people.

Not all victims of Buerger's disease can be treated alike. Absolute avoidance of tobacco, removal of any sources of infection and a good intake of fluids and salts are generally recommended.

In the most serious cases the use of drugs to prevent coagulation of the blood may be useful. Good results also have been reported with a machine applied to the leg which will vary the pressure on the blood vessels, something like the way a milking machine works.

Surgery may be necessary. When the blood supply has been stopped to a toe, for example, the tissues will die and the entire toe may have to be cut off.

Raynaud's disease is a related blood disorder — with certain important differences. In this disorder the blood vessels affected go into spasms and contract, especially when exposed to cold. An emotional upset acts in a similar manner.

Raynaud's disease is most common in the hands. Consequently the fingers often turn white when put in cold water or when anything else happens which

checked the television. It was off. She opened the front door and listened. It wasn't out there. Then she checked the radio in her daughter's room. That was off, so she checked in her son's room. His radio was turned off, too.

She went back to bed, but the sound continued. Then she had a thought. She looked at her husband, and sure enough, there he was with the little transistor radio on his chest and the tiny earphone in his ear — and a grin on his face. Because he knew she had been looking all over the house for that sound.—H. L.

### Air Guard Plane Crash Kills Five

BALTIMORE, Md. (AP) — An Air National Guard plane faltered shortly after takeoff Wednesday night and crashed with a violent explosion in the harbor.

The mutilated bodies of five men on the training flight were recovered by skin divers. A sixth guard-man was still missing.

The twin-engine aircraft, a Grumman SA16 Albatross, passed dangerously near a grain elevator and a score of freighters lined up in the harbor.

The Air Guard said it could not determine immediately what caused the crash.

The amphibious plane was the third of three planes starting off on a training mission.

### Matter of FACT

On his last voyage to the New World, in 1502, Columbus discovered Honduras and claimed it for the king of Spain. Off the north coast, Columbus could not find a place shallow enough for his ship's anchor to hit bottom. He therefore called these waters the Gulf of Honduras, using the Spanish word for "depths." Soon the name encompassed the land itself.

## New Optimist Club Planned; Will Be a Breakfast Group

A new Optimist Club, which will be a breakfast club, is to be formed in Sedalia, and any man interested is asked to be present at a meeting which will be held at the Pacific Cafe at 7:30 a.m. Monday. The new club is being sponsored by the Sedalia Optimist Club.

It was brought out at the regular meeting of the Optimist Club Tuesday noon at Bothwell Hotel, that there are many men who could attend a breakfast meeting who would be unable to attend luncheon or dinner meetings.

Merle Ostergard, Ruskin Heights, lieutenant governor of the 10th District, Optimist International, the speaker, was introduced by Joe Forsee. Ostergard stated that the breakfast clubs are growing the fastest of all clubs because it is often possible for men to attend meetings in the morning before they go to work when they cannot find time to get away at any other time of day.

Optimism is the best product in the world to sell, Ostergard said, and nobody can sell it like a good Optimist who believes in his organization and what it stands for.

The service club idea, of which an Optimist club is a direct descendant, is as old as the culture of ancient Greece, he said. Ever since the time of Homer, who brought tales of the Trojan wars to community leaders of ancient Hellas, man has been solving his community problems on a well-lined stomach and with congenial companions.

An Optimist club is an active vehicle for building, through fellowship, friendship and harmonious cooperation, constructive civic achievement, Ostergard said. Each club is made up of selected individuals with a desire to share in the responsibilities and benefits of community progress.

Ostergard praised the community for the dogwood tree planting project in which members of the Optimist Club, along with other service clubs, participated.

"It is the first time I have ever heard of such a thing," he commented, and added, "You should be mighty proud of it."

The idea of the dogwood tree planting was that of an Optimist member, Judge Frank Armstrong. The meeting was conducted by Gerald Cecil, president.

Invocation was given by the Rev. James Schrader. Charles Hanna led the singing, with Miss Lillian Fox at the piano. Clifford A. Nevins was installed by Charles Hanna as a new member.

John Herbst told of the new Explorer Post which has been organized and sponsored by the Optimist Club for boys in this community and which now has 12 members. In a recent election of officers, Kit Taylor was elected president.

Dick Witteig then told of some of the plans for the new Explorer Scout Post, which include a trip to the Whiteman Air Force Base, camping, archery, a glamour panel where college girls will answer questions that bother boys on how to act, such as what to do if the girl's father comes to the door when he calls. There will be speakers on trades and professions, and many other interesting things.

An announcement was made that Babe Ruth tryouts will be held at 1:30 p.m. Saturday and Sunday at Liberty Park.

## Scientific Facts Explained At Knife and Fork Meeting

Approximately 150 members of the Knife and Fork Club attended the last meeting of the season, which featured a demonstration of the mysteries of science by Glenn L. Morris of Madison, Wis. The meeting was held at the Bothwell Hotel Wednesday evening.

The demonstration stressed the importance of approaching problems of radiation, atomic energy and electronics from a factual viewpoint.

"People should get away from an ineffectual wishful thinking approach, and approach these problems with educated facts," he stated. During the demonstration, he showed that many scientific facts are not at all what they seem.

The speaker was introduced by W. E. Bingham, a new director of the organization.

He began the talk with a demonstration of an instrument which measures radiation — demonstrating a practical use by locating a radioactive golf ball. He told of his work in research at the University of Wisconsin at Madison; how radioactivity affects seeds and animals. He brought out that the disposal of radioactive waste materials from atomic plants is a great problem.

He followed with a demonstration of a solar battery, which takes energy from light, stores it and uses the stored energy for practical purposes. He pointed out that the energy deposited on an ordinary house roof in one day is equal to about 150 pounds of coal. Eleven per cent of this energy can be captured with solar batteries in use today, he stated.

Mrs. Kenneth Weinrich assisted in a demonstration of electromagnetics, and Dannie Muller, son of Mr. and Mrs. Clinton Muller, assisted in a demonstration of aircraft guidance radio beams. Morris explained the use of an old-time "earth induction" compass, the type used by Amelia Earhart on her fatal trip across the Pacific about 20 years ago, and stated that she had no chance, using the equipment of the day, of locating a small island in the Pacific.

In his closing remarks, Morris pointed out that he doubts if there will ever be an atomic war. "For the first time in history, a dictator can not send out his underlings to get shot. He knows that he himself will surely die. That is a great deterrent to war," he stated.

Preceding the demonstration,

### Vote On Ambassador To Brazil Delayed

WASHINGTON (AP) — The Senate Foreign Relations Committee has delayed until next week a vote on whether to recommend approval of Mrs. Clare Boothe Luce as ambassador to Brazil.

Delay on the vote which had been expected Wednesday was ordered so committee members not present could read a record of the hearing. The committee may meet again Tuesday.

Mrs. Luce was questioned Wednesday about a political attack she made on the late President Franklin D. Roosevelt. She said her language was "very intemperate" when she charged in a 1944 speech that Roosevelt "lied us into war," but said she still thinks Roosevelt should have told the nation it was "marching toward war" with the Nazis.

club members enjoyed a dinner.

The invocation was given by past president A. H. Wilks. James E. Durlay acted as master of ceremonies, and introduced new members, Mr. and Mrs. Rene Crippen, Judge and Mrs. C. Berry Elliott, and Mr. and Mrs. Robert Arensmeyer. He also introduced the hospitality committee, Mr. and Mrs. Ralph Carroll, Mr. and Mrs. M. L. Edwards, and Dr. and Mrs. R. M. Stomer, and guests Mr. and Mrs. Wilks, Mrs. Morris and Mrs. W. E. Bingham.

The meeting closed with a question and answer period.

### Court Reverses Its Ruling On Neglected Child

WEST PLAINS, Mo. (AP) — The Springfield Court of Appeals has reversed a circuit court ruling that Lily Taylor was a neglected child because her parents wouldn't send her to school.

Lily, 9, is a stepdaughter of N. I. Pilkinton, who refused to send her to classes because the school bus didn't stop close enough to his farm home.

The original action against Pilkinton was filed by Dick Moore, Howell County prosecutor. Circuit Judge Joe Crain of Ozark ruled that the child was neglected. He said she would become a ward of the court if she wasn't sent to school.

The appellate court said the circuit court suit wasn't legal because it was filed by the prosecutor. None of the five counties in the 20th Judicial Circuit — Howell,

Dent, Oregon, Shannon and Carter—has a juvenile officer.

Howell officials said none of the counties could proceed in juvenile cases if the reversal stands. The appellate court's decision becomes final in two weeks.

Circuit Judge Gordon Dorris of Alton offered to appoint a juvenile officer but no provision has been made for paying the officer's salary as the state's juvenile code instead of by a juvenile officer.

## Two Young Hurling Aces In Business

By ED WILKS  
Associated Press Sports Writer

Don Drysdale and Johnny Antonelli, a pair of young aces who went a long way to go nowhere last season, are back in business again, flashing some of the old sparkle.

It was Drysdale, a 22-year-old right-hander, who won 17 as a National League sophomore and went West with the transplanted Dodgers last season boomed as the star of the Los Angeles staff. Instead, he went wild and wound up with a 12-13 record.

Antonelli, a 27-year-old southpaw who twice has been a 20-game winner, didn't have it quite so bad when the Giants shifted to San Francisco. But his 16-13 record wasn't exactly what he had been counted on to deliver.

Wednesday night, things were different. Antonelli gave up a run on three singles in the first inning, then blanked the Chicago Cubs on two hits the rest of the way for a 7-1 victory, his second. That left the Giants, who got a pair of homers from Orlando Cepeda and another from Felipe Alou, with a 4-1 record in second place.

Drysdale gave up eight hits, but no runs at all, squaring his record at 1-1 with his first complete game as the Dodgers beat St. Louis 5-0.

Milwaukee's first-place Braves (3-0) were idle, along with Philadelphia (3-1) took their first win by handing winless Pittsburgh a fifth defeat, 10-5.

In the American League, Cleveland took first place with a 2-1, 10-inning victory over winless Detroit. Kansas City handed the Chicago White Sox their first loss 10-8. The New York Yankees defeated Baltimore 3-1. Boston rapped Washington 7-3.

Cepeda blasted his first home run of the year in a two-run fourth off loser Moe Drabowski. Cepeda then hit a two-run homer and Alou followed with a solo shot, his third home run of the season, in the fifth.

Drysdale made his seventh straight in the Coliseum with solo homer help from Don Demeter and Jim Baxes. The Dodgers put it away against Larry Jackson (0-1) with a two-run fourth.

The Pirates, getting a 3-0 lead on Don Hoak's first-inning homer, twice blew leads, falling behind for keeps when the Reds chased Bob Friend to his second loss in a five-run sixth inning. Vada Pinson, Jerry Lynch and Ed Bailey counted seven runs with homers for Cincinnati. Joe Nuxhall was the winner.

## British In Campaign To Win at Golf

LONDON (AP) — A four-year program aimed simply at "beating the Americans" is almost ended.

Whether the program is successful or not won't be determined until a month from today when the play is finished in the 17th Walker Cup golf matches between Britain and the United States.

The Walker Cup, a rather unimposing silver pitcher which represents the top prize in amateur golf, will be presented the winning team.

If the Americans win—as they have in 15 other Walker Cup matches—they will be the heroes, of course.

But if the British win, they won't be the heroes.

The heroes will be a group of middle-aged Britons standing almost in the background.

They will be the men who formed the selection committee which found, helped to train, and enthused the British team. Win or lose, the team was hard to find.

The selection committee started work four years ago when British golf was low. The Americans had just won the Walker Cup by 10 matches to 2 in, of all places, St. Andrews—the home of golf.

The Royal and Ancient Golf Club, thoroughly unhappy about the thrashing told the selectors, "find 10 men good enough to beat the Americans in 1959."

First the selectors got up a big list of "possibles" and began whittling them down to "probables." Englishmen, Irishmen, Scotsmen and Welshmen were scouted, judged, and coached.

The players the committee selected Wednesday as the ones to beat the Americans are:

Joe Carr, Michael Bonnallack, Reid Jack, Michael Lunt, David Marsh, Arthur Perowne, Douglas Sewell, Alex Shepperson, Jimmy Walker and Guy Wolstenholme.

with the Chicago White Sox last Friday.

Ronnie L. Fairhurst, 18, and Robert A. Corbeau, 17, violated a new city ordinance which forbids "invading a playing area" during a contest.

## Yankees Are Crowding On First Place

By ED WILKS  
Associated Press Sports Writer

The inevitable is getting a bit closer in the American League pennant chase. The world champion New York Yankees are crowding in on first place — and they might be there now except for Woody Held, a kid Manager Casey Stengel reluctantly traded away.

Held, now 27, was wrapped up in that June 1957 swap that also sent Billy Martin to Kansas City for Harry Simpson (and, incidentally, Ryne Duren). Although not much of a percentage hitter, Held was an infielder-outfielder, a guy ready made for Casey's multiple defense schemes, and showed promise of power.

Held, traded to Cleveland last season, is hitting nothing but homers and the United States.

His third hit in 17 at bats this year was his third home run (good for seven runs) in two days and beat winless Detroit 2-1 in 10 innings Wednesday. It also kept the Indians unbeaten through four games and pushed them into first place, half a game ahead of the Yankees.

The champs, stopped only by rain so far, won their third 3-1 at Baltimore Wednesday night on Bobby Richardson's two-out, two-run double in the ninth. That jumped the Yankees past the Chicago White Sox, who were bombed off their unbeaten kick 10-8 by Kansas City, and slipped to third. Boston defeated Washington 7-3.

In the National League, second-place San Francisco hammered the Chicago Cubs 7-1. Cincinnati kept Pittsburgh winless 10-5, and Los Angeles beat St. Louis 5-0.

Right-hander Cal McLish took the decision for Cleveland, giving up nine hits. He had a shutout until the eighth inning, when Eddie Yost singled and Larry Doby tripled.

A walk and Andy Carey's single set up Richardson's winning hit for the Yankees off losing reliever Jack Harshman (0-2).

The A's, winning their first, made seven of their nine hits good for extra bases at Chicago. Right-hander Bob Grim (1-1) won it, chipping in with his first grand slam homer in a five-run third.

Right-hander Jerry Casale won his first in the majors in his first start for the Red Sox, beating the Senators with a seven-hitter and socking a wrap-up, three-run homer over the faraway left-center field wall in Fenway Park. Russ Kemmerer lost it.

"And then we'll make up our minds," said Silbert. "I just hope we make the right decision."

## Middlecoff, Palmer Favored in Houston Classic Golf Play

HOUSTON (AP) — The odds-makers made Cary Middlecoff and Arnold Palmer 7-1 favorites as a field of 128 teed off today in the first round of the \$30,000 Houston Classic Golf Tournament.

Ben Hogan, making his first appearance here in 12 years, and Dow Finsterwald, last week's winner at Greensboro, followed at 10-1.

Ed (Porky) Oliver, the defending champion, was tabbed with a bulging 35-1.

Both Middlecoff and Palmer offer styles of play that blend well with the par 72 Memorial Park course where the yardage will range from 7-133-yards to 7,300 the next four days, depending on the location of the tees.

Middlecoff is the only man to win here twice — in 1950 and 1953. Palmer won two years ago.

The tournament committee has released Art Wall Jr. and Gene Littler, the two top money winners of 1959, from commitments to play here.

## Liston Wins Over Williams in Third

MIAMI BEACH, Fla. (AP) — Two hard-hitting heavyweights who had trouble finding opponents met Wednesday night and Charles (Sonny) Liston of Philadelphia came off the winner by a TKO in 2:04 of the third round.

Liston floored his opponent, Cleveland Williams of Houston, Tex., twice before Referee Jimmy Peers stopped it.

## S-C Team Whips Cole Camp 15-8

Ernie Dow's two doubles aided the Smith-Cotton B team in thoroughly defeating the Cole Camp varsity 15-8, at Liberty Park Wednesday afternoon. Winning pitcher for Smith-Cotton was Lonnie Schott who reloaded Tom Robb on the mound.

Brockman absorbed the loss for Cole Camp. He was one of three pitchers for the losers.

The Smith-Cotton varsity travels to Rockhurst Friday.

## Laine Keeps Tabs on His Favorite Pro

NEW YORK (AP) — Four years ago Frankie Laine, the crooner, didn't know whether golfer Gene Littler was blond or brunet, left-handed or right-handed, cross-eyed or blind.

Today he keeps a chart on Littler's temperature. He makes repeated phone calls to all sections of the country to check on the golfer's appetite, state of mind and putting touch.

The reason: \$190,610.

"Somebody asked me if I planned to buy Littler again this year in the Calcutta pool at Las Vegas," Laine said today. "I said: 'If you had won nearly \$200,000 on him, what would you do?'"

The deep-throated warbler today headed for Las Vegas, where the \$40,000 Tournament of Champions begins next Thursday.

Every year in the tournament competitors are sold at auction in the Calcutta pool which pays rich dividends to lucky purchasers.

Laine and his wife, Nan, were motoring to the 1955 tournament where the singer was to serve as parttime auctioneer when the better half suggested:

"I think it's only right you should be heard at the auction. Why don't you bid on that nice young boy we've been reading about, Gene Littler?"

"Okay," said Laine. Frankie went to the auction deciding not to go over \$1,500. Before he knew it he had bid \$13,000 for Littler. Later he sold two 25 per cent pieces to a couple of fellows.

Littler won the tournament and Laine's little syndicate collected \$72,900.

The next year Laine bid Littler again at \$16,500. Littler won and Laine collected \$69,120. In 1957 Laine bought the young California player for \$15,500. This time he collected \$95,635 on a phenomenal third Littler triumph.

Last year it took \$20,000 to get the three-time winner, who finished in a tie for fourth, netting the singer \$17,955.

## Scoring Binge Ups Bowling Averages

ST. LOUIS (AP) — A late scoring Fairless Hills, Pa., had 3054. Roy-binge has given the 56th American Bowling Congress Tournament 25 scores of 3000 or better in the open team division, tying the record set in 1957.

The latest wave of scoring reached a climax last night when the Hamm's Beer team of Minneapolis rolled a 3162 and took over fourth place. After opening with games of 1058 and 1065, the Hamm's were well within striking distance of the 3243 record which has kept the Detroit Pfeifers on top since Feb. 25. They subsided to a 1039 count in the finale, however.

Three other teams scored more than 3000 yesterday. Fairlanes of

# MASW To Meet At Camdenton

"The Best Is Yet to Come" will be the theme of a meeting of the West Central Division, MASW, to be held at the Harwood Hotel, Camdenton, on Thursday, April 23, beginning with dinner at 6:30, according to the Rev. Robert Herrmann, division chairman.

Dr. Oreen Ruedi, Springfield, professor of sociology at Southwest Missouri State College, will be the guest speaker. Dr. Ruedi serves as the chairman of a state-wide committee of MASW, which is concerned with the problems of the aging and the aged, and she has been recognized nationally for her interest, knowledge, and activity in this field.

"Missouri is becoming more popular every day as a retirement state," said Herrmann, in announcing the meeting. "At the present time we rank third among the states in population age 65 years and over. We so often hear the remark that 'the golden years should be the ones of golden opportunity'."

"What are we doing, nationally, state, and locally, to assure our senior citizens of their place in our community life? What are we doing to assure them of proper housing, recreation programs, medical care employment opportunities, and yes, even for participation in the every day community affairs?" he concluded.

Mrs. Beatrice Cummins, county welfare director of Camden County, is in charge of making the local arrangements for the meeting, and for receiving reservations. The meeting is open to the public, and reservations may be made by mail to her at the County Welfare Office, Camdenton, or by calling her at Camdenton, DI 6-2249.

MASW—Missouri Association for Social Welfare — is a statewide membership organization, whose members, from all sections of the state and from all walks of life, are dedicated to the improvement of health and welfare conditions for all Missourians. The program, concerned with problems of the aged, of children, of the mentally ill, of minority groups, public assistance, and other related fields, is carried out at the local level through ten geographical divisions of the state. Counties comprising the West Central Division are Bates, Benton, Camden, Cass, Cole, Cooper, Henry, Hickory, Johnson, Lafayette, Moniteau, Morgan, Pettis and Saline.

Herrmann, who is pastor of the Central Evangelical and Reformed Church, Jefferson City, heads up the division.

## Garden Club Meets With Miss Johnson

The LaMonte Garden Club met Wednesday afternoon with Miss Enid Johnson. Mrs. Raymond Wasson, president, called the meeting to order by reading a poem, "Now That Spring Is Here" and the legend of the dogwood.

Mrs. C. A. DeHaven was given two dollars to buy roses for making the year books. Nine members answered roll call and two visitors, Mrs. Elmo Wheeler and Mrs. Virgil Fisher. Program was on "Flowers In Worship," given by Mrs. Maurice Curtis and Mrs. Ida King on lilies, tulips, geraniums and the gladiola. Exhibits were magnolia blossoms and daffodils.

Refreshments were served.

## Sedalian's Photo In Farmer's Magazine

The April issue of the magazine "News for the Farmer Co-operatives," published by the United States Department of Agriculture, Farmer Cooperative Service, Washington, D. C., has a picture in which are Francis Mergen, Sedalia, Production Credit Association fieldman, and Clarence Frisch, manager of the Lincoln Farmers Association Implement Cooperative at Lincoln, showing a tractor which a farmer was arranging to purchase, using the credit plan worked out with the City Production Credit Association.

The article accompanying it, entitled: "Trends Spur Coopera-

tives," told of George Frisch, the Lincoln Cooperative, and the program with production credit, the farm supply board authorized him to start. The plan which has been in existence nine months has been very successful, according to Frisch.

## Birthday Of Sandra Reuter Is Celebrated

By Mrs. Mary Fairfax  
CLIFTON CITY—Mr. and Mrs. C. J. Reuter entertained with a supper Tuesday evening in honor of their daughter, Sandra, on her 11th birthday. Guests were: the honoree, her brother, Ghery; her grandparents, Mr. and Mrs. F. S. Needy; Margaret Gerke, Juanita Rhodes, Beverly Hanna. A large birthday cake centered the table. The girls remained overnight.

Mr. and Mrs. T. L. Fairfax and Gayle, Kansas City, were Saturday guests of his mother, Mrs. Mary Fairfax. They also visited Mr. and Mrs. Barney Twenter Saturday night.

Mr. and Mrs. Don Klein and family, Smithton, were Sunday dinner guests of Mr. and Mrs. Oscar Dove. They also visited her parents, Mr. and Mrs. Hubert Aggeler and family.

Mr. and Mrs. Don Aggeler and

son spent Sunday in Kansas City with her parents, Mr. and Mrs. George Kramps and family. Misses Lucille and Janet Rugen recently attended an athletic banquet at Flat Creek Inn, Sedalia.

Dallas McMullin, Kansas City, visited recently with his mother, Mrs. Jobe Potter and Mr. Potter. Mr. and Mrs. Lester Stone and son and Mr. and Mrs. Bud Stone and family, spent the weekend in Pittsburg, Kan., with their daughter, Mrs. Bernie Todd and family. On Sunday they attended services at St. Andrews Catholic Church, where their granddaughter, Carolyn Todd received her first communion.

Mr. and Mrs. Oliver Bridges, Marva, Tom and Ray Burst and Mrs. John Schibi visited Sunday with Mr. and Mrs. Bernie Hainen, Tipton. They attended services at St. Andrew's Church. Donna Hal-

nen received her first communion. Mrs. Kate Lorenz, who spent the winter with her daughter, Mrs. Teresa Whitman, Marshall, and Mrs. George Klenkin, Pilot Grove has returned to her home here with Mrs. Emil Pabst.

Frank Aggeler, Pilot Grove, visited his son, Hubert Aggeler and family Sunday.

## OUR PRIZE WINNER

**THIS WEEK—**

**Mr. and Mrs. Wm. Hall**

1321 South Quincy

They Win \$25.00 in Groceries

Because Mrs. Hall had five full bottles of DOUBLE COLA in her refrigerator when the DOUBLE COLA man made his call, she won a certificate for \$25.00 worth of groceries from Safeway where she had purchased her carton of DOUBLE COLA. Shown in the picture at left is Russell Hall, young son of Mr. and Mrs. Hall, proudly holding a bottle of DOUBLE COLA which was soon opened and drunk after the picture was taken.

## REMEMBER—

all you need do to be a winner when the DOUBLE COLA man calls on you, is to have some SUPER-KING 16-OUNCE size DOUBLE-COLA in your refrigerator . . . so be sure to have a supply on hand. Each week's Double-Cola winner will be announced in this newspaper.

## EACH WEEK—

generally on Monday, some lucky housewife in Sedalia will have a visit from the Double-Cola man and if she has a supply of Double-Cola in her refrigerator, she will receive \$5.00 in merchandise from the store where she purchased Double-Cola for each full bottle she has on hand up to maximum of six bottle or \$30.00.

## Circuit Court

A circuit court jury ruled in favor of the plaintiff in the damage suit of John Steele against James M. Montoya, Jr., in the trial which ended Tuesday afternoon, but no damages were awarded. Steele was asking \$25,000 for personal injuries he received in an automobile accident on Aug. 22, 1957, at the intersection of Southwest Blvd. and 27th Street in Kansas City. He was walking across the street when he was hit by a car driven by Montoya, testimony indicated. Other members were Mrs. Walter Jesse, J. G. Banks, Ollie Ziegler, Vest Elliott, B. S. Hoard, J. W. Anderson, Roy Raines, Mrs. Carl Goist, Van G. Jones, Lyman Hoehls and Fred Segers. The trial began Tuesday.

The divorce petition of Geraldine L. Fletcher against Elmo E. Fletcher was dismissed at the request of the plaintiff. Salveter and Keating were the attorneys for the plaintiff.

Roy Alexander filed a petition for \$35,000 damages against Virgil Herrick in Circuit Court April 14. He maintains he received injuries in that amount when he was injured in an accident involving a vehicle owned by Herrick, on Broadway Nov. 10, 1956.

## Police Court

## Study Under Doctors

## MU Medical Students Have Unusual Preceptorship Plan

by JOHN P. MILLHON  
Columbia Daily Tribune

COLUMBIA (AP) — "Now I would like to have Dr. Benjamin examine you," the woman's family doctor said.

The young man made a swift examination.

"Doctor" Richard D. Benjamin, a senior medical student at the University of Missouri school of medicine, is participating in the school's unusual preceptorship program.

Under the guidance of Dr. Robert L. Ward, he is finding out, first hand, about the life of a general practice physician.

For six weeks he has been shadowing Dr. Ward on his daily and nightly rounds at Centralia, a town of 2,700 about 25 miles northeast of Columbia.

Like his 29 fellow senior students, Benjamin is faced with the choice between general practice and some form of specialized medicine.

As a preceptee, Benjamin has seen a side of medicine not shown at the medical school.

"I've seen more sore throats and measles in two weeks here than in two years at the school," he said.

The students live in the home of the doctor or at his clinic. Dr. and Mrs. Ward fixed up their guest room for Benjamin.

Each day they make the rounds

together, usually started about 7 a. m. and sometimes not ending the day until 10:30 or 11 p. m.

The drive to Mexico, 14 miles east, in the morning and evening to see patients at the Audrain County Hospital, see from 30 to 40 patients each day at the office and make about 30 home calls a week.

Benjamin, 25, of St. Louis, is unmarried, but three out of four of his classmates have wives. Married as well as single students take part in the program.

The doctors in the program are recommended by Missouri Academy of General Practice and selected by the Missouri State Medical Assn.

The program represents a gentle persuasion used by the school to encourage students to become family doctors in rural Missouri. Rural doctors are needed—particularly in southern Missouri, where several counties don't even have a physician.

And the school's administrators, trying to build a top-flight school, frankly admit the program's public relations value.

Begun as late as 1956 with the completion of the \$13,800,000 Medical Center, the four-year medical school doesn't have alumni to plead its cause before the state's legislators.

The doctors in the program are a group of adopted supporters. The emphasis on medical care in small towns and farm areas is

close to many legislators' hearts. About 100 students, or about one third of the graduating class, elect to take part in the program, but this should increase.

"We are vitally interested in what our graduates decide to do," Acting Dean Gwilym S. Lodwick said.

But right now, he pointed out, most of them are in the Armed Forces.

"The trend throughout the country is toward more and more specialization," he said. "But by showing the opportunities of general practice we hope to reverse the trend with at least half of our graduates entering this field."

Patrick Henry made his "Give me liberty, or give me death" speech before the Virginia Convention of Delegates on March 28, 1775.

## Saddle Club Meets

The State Fair Saddle Club met Monday evening at the home of Mr. and Mrs. Kenzie Miller, 238 State Fair Blvd., for a covered dish supper. This is the second consecutive month the Millers have offered their home and hospitality for a meeting of the State Fair Saddle Club members.

The next meeting will be held at the fair grounds at a building belonging to Ernest Strickler on Monday, May 4, with the contributive dinner to be at 7 p. m. Those who wish to do so may ride before and after the dinner.

## Charles Files Ends Navy Boot Training

Charles W. Files, son of Mr. and Mrs. Terry Files, LaMonte, graduated from recruit training recently at the Naval Training Center, San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty ride before and after the dinner.

## Now They're Talking About Year-long Worker's Holiday

By HAL BOYLE

NEW YORK (AP)—Would you like a year in which every day seemed like Saturday?

Would you like a 365-day paid vacation from work?

The idea of a year off from your job to rest or study has been seriously advanced by Arthur Carstens, a University of California labor expert.

Carstens believes such year-long holidays, to be financed jointly by employers and the state, would benefit workers. They would, he said, "cut down the toll of pressure that makes widows of half of the nation's women."

He doesn't take into consideration the other half of the picture: If wives had their husbands underfoot for a 12-month stretch, half the men would wind up widowers.

But progress always has its price, and this is a risk most thoughtful men would be willing to take.

As we see it, Carstens' proposal for a sabbatical year is of value only if the year away from office and factory were wisely spent.

Some showoffs, naturally, would try to impress the boss by enrolling for the year at Harvard, which only would mix them up. It takes four years of Harvard to remove the confusion from a man. Even then the diploma carries no guarantee.

What really is needed is a soundly planned program which will enable the individual, at the end of his year of enforced leisure, to return to the job a happier, more-rounded man.

We have drawn up such a daily program for ourself — in the unlikely event our boss gives us a year off—and suggest you might find it useful too.

Here is our day:

7:00—Wake up and laugh at silent alarm clock, which has been turned off the night before.

## Insurance Company Observes Jubilee

With nearly \$300 million of new sales in the first quarter of the year, Franklin Life Insurance Co., Springfield, Ill., registered its best production record in history. Paid business was 38.7 per cent ahead of 1958, according to Virgil Ragaz, general agent, Sedalia.

The company is celebrating its Diamond Jubilee 75th Anniversary. Highlighting the first of several events scheduled during the year, President Chas. E. Becker gave a dinner last week with James Reston, diplomatic editor and Washington Bureau chief of the New York Times as featured speaker. More than 150 state officials, bankers and leading Illinois businessmen were honored guests.

An objective of \$1 billion of new individual policy sales has been established by Franklin for 1959. According to an announcement issued by President Becker, the agency force is on schedule.

7:00-7:01 — Brisk calisthenics while lying in bed.

7:01-9:—Go back to sleep.

9:9:30—Debate whether to shave. Decide not to.

9:30-10 — Read newspaper and breakfast—bourbon, toast, bacon, eggs, coffee.

10-11—Give wife orders of the day, and point out her errors of the day before.

11-11:15 — Coffee and bourbon break, spent resting on sofa.

11:15-12:15 — Front porch rocking chair session. Make plans on how to spend tomorrow in constructive way.

12:15-12:30 — Highball with next door neighbor.

12:30-1:30 — Lunch: Beer, beef sandwich, apple pie and cheese.

1:30-1:35—Read good book to improve mind.

1:35-3—Nap on sofa.

3:3-3:15 — Coffee and bourbon break.

3:15-4:45 — Back porch rocking chair session to get benefit of afternoon sun. Review morning's plans for tomorrow, decide tomorrow is a bad day to start any new projects.

4:45-5 — Inspect vegetable garden, point out to wife areas where she should do more hoeing.

5-8:30—Cocktail hour.

8:30-9:30—Dinner: Wine, sirloin steak, salad, mashed potatoes and gravy, ice cream.

9:30-11:59 — Discuss with wife why world is going to hell, lay out her work schedule for next day.

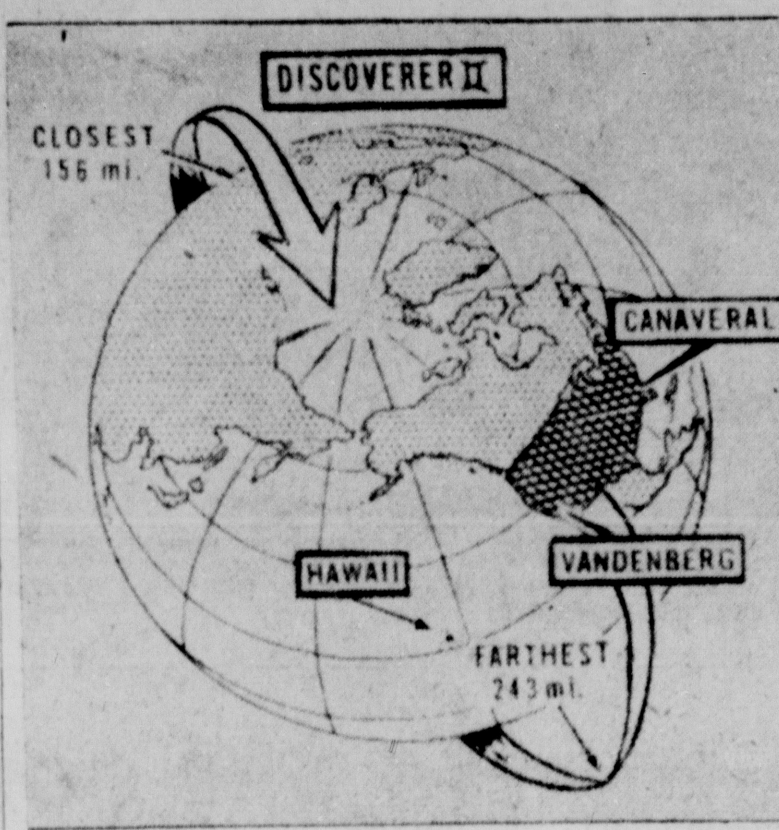

11:59-12:00 — Write postcard to boss saying how much you miss the old office gang, and how you're champing at the bit to get back.

12-12:01—Go to bed with second good book of day to improve mind.

12:01—Throw book out window and fall asleep.

Of course, no program is ideal for everybody and you may want to vary this one in small ways.

At the end of your sabbatical year you'll be eager to return to your job—so you can start planning on your pension, when you'll be able to live this way the rest of your life.

**DISCOVERER II IN ORBIT**—This chart shows the orbit of Discoverer II satellite launched from Vandenberg Air Force Base, Calif. Scientists working against 900-1 odds hoped to recover an instrument package from the polar-orbiting satellite. The satellite was orbiting the earth every 90.84 minutes at a speed of more than 17,000 miles per hour, ranging from as far as 243 miles from earth and to as close as 156 miles. The recovery attempt was later cancelled. (NEA Telephoto)

## Green Ridge Garden Club Holds Meet

Mrs. G. D. Rayburn assisted the club for the rose plant, "Sutby Mrs. R. A. Stark was hostess to the members of the Green Ridge Garden Club Tuesday afternoon, April 7, at her home in Green Ridge.

Mrs. Rayburn served a dessert course at 1:30 to 18 members. She was assisted in serving by Mrs. J. A. Gordon, Mrs. Glen Heck and Mrs. L. B. Beach. Favors were artificial daisies to be worn in the hair.

The president, Mrs. E. H. Boltz called the meeting to order. Roll call was answered by "Something I Did in My Yard That I Would Change."

Mrs. Nelle Ream gave a very interesting program on "A Green Lawn All Summer."

Mrs. Mattie Myers presented her schedule for the spring flower show which will be held at the Green Ridge agriculture building on May 19, the last day of school. The theme of the Flower Show is "Highway 65."

Mrs. W. L. Whittall thanked

the club for the rose plant, "Sutby Mrs. R. A. Stark was hostess to the members of the Green Ridge Garden Club Tuesday afternoon, April 7, at her home in Green Ridge.

Mrs. Boltz distributed flower seeds to be grown for specimens to be exhibited at the Missouri State Fair.

Flower seeds were brought to be distributed to 4-H children. The members also brought plants to exchange with each other.

The committee for the spring flower show will meet at the home of Mrs. G. D. Rayburn on Monday afternoon, April 13, to make plans for the show.

Mrs. J. M. Palmer, Mrs. Mattie Myers and Mrs. W. L. Whittall judged the specimens and specials which were arrangements in the shades of yellow.

Mrs. James Bell, assisted by Mrs. Gertrude Helman, will be hostess at the May meeting. Mrs. Perry Reed of LaMonte will be the guest speaker.

## Livestock Market Outlook Scheduled For Monday Night

The livestock and wool marketing committee of the Pettis County Farm Bureau has scheduled a livestock market outlook meeting for Monday, April 20 to be held at the Business College in Sedalia.

John Knaus, Pettis County chairman of the committee, stated the meeting will start promptly at 8 p.m. and adjourn at 10 p.m. In this two hour period, valuable information on livestock markets and marketing will be presented.

Livestock marketing and factors affecting prices paid for livestock seems to get more complicated like everything else. This meeting should offer some assistance on many of the problems since market experts will help with the meeting. He also said that everyone in attendance would have an opportunity to ask any questions concerning markets.

The program will consist of representatives from the markets and the College of Agriculture who will assist E. M. Woods, directors of marketing for the Missouri Farm Bureau Federation, with the discussion of markets and prices of livestock for the spring and summer months.

Everyone is invited to the meeting, including business men and consumer groups. The livestock industry is very important to this county and area. Correct information is valuable to everyone. Farm Bureau is glad to bring this important meeting to our county, Mr. Knaus stated.

## Blonde Jailed In a Murder Investigation

REDWOOD CITY, Calif. (AP)—A beautiful blonde typist was jailed in a murder investigation today, accused of pumping 18 bullets into the body of a gardener to satisfy an urge for a human target.

Sheriff Earl B. Whitmore quoted Rosemarie Diane Bjorkland, 18, as saying:

"I had a terrible urge to kill someone ever since I started target shooting as a hobby. I wanted a human target."

August Norry, 28, a golf course gardener, was found dead in the hills south of San Francisco on Feb. 1.

It was his custom to go there to dump grass cuttings and garden debris.

His body had been riddled by 18 bullets.

Sheriff Whitmore said Miss Bjorkland related she had met Norry twice before, as she was shooting at targets, while he emptied his gardening bags.

Whitmore again quoted the girl: "I used to go up there and point my pistol at a target pretending it was a human being. Mr. Norry on that day was my target."

"Suddenly I had the overpowering urge to shoot him. I kept shooting, emptying my gun and reloading. That was the only reason. There was no other."
